

REDLAND BAY STATE SCHOOL PERSONALLY OWNED DIGITAL DEVICES

Bring Your Own Device (BYOD) Specifications*

Our teaching program will be tailored to the devices listed in the table below. Redland Bay State School:

- strongly recommends that families seek and provide their own warranty and insurance (accidental damage) protection for all BYO devices;
- strongly recommends that a **protective case and keyboard** is used at all times with all BYO devices;
- requires that all devices accessing our network be registered with the school and that a Responsible Use Agreement be signed and adhered to;
- will charge an annual **\$30 non –refundable connection fee per device** to cover connecting your device to the network and ongoing support for network connectivity:
 - RBSS will take all reasonable steps to connect private devices however it cannot take any responsibility if it is unable to connect a particular device;
- will provide technical assistance for connectivity issues only on approved devices, within the school network and where the connection fee has been paid.
- Insists anti-virus protection must be installed and functioning at all times on all BYO devices.

Option 1	Option 2
